Assignments $\mathcal{N}^{\underline{o}}$ 0

released: 22.10.2014   **due:** 29.10.2014

Task 1: R   0 points

Download the current version of **R** at `http://www.r-project.org/`.

Download **RStudio** at `http://www.rstudio.com/` and give it a test run.

Download the *Knecht Classroom Data* from

`www.stats.ox.ac.uk/~snijders/siena/tutorial2010_data.htm`

and store it to your computer.

Task 2: visone   0 points

Download the current version of visone at `http://visone.info` and give it
a test run — make sure that Sun Java Runtime Environment (JRE) 6 (or
newer) is installed on your computer.

An introduction to visone and **R** will be provided in the first tutorial. Please
bring your laptop to the tutorial.
